

Dear Colleague,

The holidays are upon us, and COVID-19 case numbers are rising. We will not rest in prioritizing your safety and that of your family.

Starting this Thursday, we will provide a limited number of rapid test kits to County employees and retirees at no charge.

We encourage you to use these resources to keep you and your family safe.

Rapid COVID-19 test kits will be available for drive-through pickup on Thursday morning, December 23rd from 9 – 11am at 57 Reads Way.

Each kit contains two tests, and an employee may request two kits each, while supplies last.

Special thank you to Kenny Dunn, Robin Allen, Michael Hojnicky and Michael Smith for their creative sourcing work to find these test kits rapidly in a challenging environment.

And thank you for all you do every day in service to the residents to New Castle County.

Happy Holidays.

Matt Meyer
